

Name	**Matthew**
Age	18
Course	Psychology
University	University of Sheffield

Hi! My name is Matt and I have applied to study Psychology at the University of Sheffield. I have lived all my life in the Arbourthorne area of the city with my parents and younger brother. In total, our household income is £30,000 a year.

I will be moving into halls for my first year, all going well - I am predicted AAB at A-level, so fingers crossed!

Outside of school, I dedicate most of my time to football training. I play in the Sheffield United Academy and recently represented England at U-17 level.

Name	**Mo**
Age	18
Course	Mechanical Engineering
University	University of Greenwich

Hi! My name is Mo and I have applied to study Mechanical Engineering at the University of Greenwich.

I am really looking forward to university. Both of my parents are in the military and have been since I was young, so I've lived in lots of different places and have moved quite often which I've liked, but I think it will be nice to know I'm staying in the same place for a while.

London will also be good for visiting my parents overseas. My household income is £61,000 per year.

Name	**Maisie**
Age	19
Course	History
University	University of Bath

Hi! My name is Maisie and I have applied to study History at the University of Bath. Bath is my top choice because it is such a historic city, and living nearby in Trowbridge means I will be able to commute from home.

I applied to university last year but deferred as my dad was quite ill. He has a long-term health condition and I help with his medication and with looking after my siblings. I have also been working to support my family with bills. In total our income is £20,250 per year.

Name	Charlie
Age	20
Course	Maths
University	University of York

Hi! My name is Charlie and I have applied to study Maths at the University of York. I visited York for the first time on an open day last year and was blown away by what an amazing city it is. I'm really excited to move there!

After leaving school I worked for a couple of years in hospitality. I am estranged from my parents so I wanted to save a little bit before going to university, and time away from school really helped me decide this is definitely what I want to do. My household income is £19,000 per year.

Name	**Adam**
Age	18
Course	Acting
University	Manchester Metropolitan

Hi! My name is Adam, and I have applied to study BA (Hons) Acting at Manchester Metropolitan University.

I have always been interested in acting, and it is something I have taken with me everywhere I've lived. I have moved quite a lot as I am in local authority care.

I currently work a part-time job at my local theatre and have a household income of less than £20,000.
